

I **design** compelling experiences.
I **explore** through prototyping.
I **create** with constraint.

Work Experience

Idean

LEAD INTERACTION DESIGNER | SAN FRANCISCO, CA | MAR '15 - JULY '16
At Idean I've lead multiple teams on multiple projects and enjoyed directing Interaction Design interns over the summer. I lead the interface design for a new consumer product for a large action camera company, working for over a year to bring the product to market. Lately I've lead the design for a multi-user, any size, multi-input, software which helps teams work together better both remotely and colocated.

Stimulant

INTERACTION DESIGNER | SAN FRANCISCO, CA | OCT '12 - FEB '14
I designed the MOHAI Launchpad for the Bezos Center for Innovation, the digital experiences for the Reunion Tower in Dallas, Tx, the Intel Ultrabook Exhibit in the Intel Museum, a creative drawing application for large tablets for Samsung's PIT group, and more. I designed for uncommon computing through collaboration, experimentation, prototyping, and iteration with clients, engineers, and product teams.

Punchcut

INTERACTION DESIGNER | SAN FRANCISCO, CA | MAY '11 - OCT '12
At Punchcut I designed a watch-battery powered smart-watch, music streaming apps, communication apps, and e-commerce apps for Fortune 500 companies, corporations, and start-ups.
